WELCOME

Welcome to the fourth Hebrides International Film Festival. This year we are pleased to bring you an exciting programme of current global environmental films, both political and provoking documentaries alongside dramas set in rural environments and a variety of environmental and island based short films.

We are fortunate this year to be able to present the UK premiere of **White Waves** by Inka Reichert, a German documentary about surfers fighting against unseen pollution in European seas. It is also a real privilege to be able to present special advance screenings of the Munro Film's new feature with Bruce Parry **Tawai: A Voice from the Forest** which takes us on a journey from the forests of Borneo, to the Indian Subcontinent and deep into the Amazon and reflects on our current societies and why have we stopped connecting with nature.

Working in partnership with An Lanntair Arts Centre, the Harris Mountain Festival and our rural island venue promoters we have something for everyone. With delightful films featuring Golden Eagles (**The Eagle Huntress** and **Brothers of the Wind**) and lightweight comedy from New Zealand with **Pecking Order**, a humorous documentary about chickens and their breeders and the comedy eco drama **The Catch** from Simon Mark Brown.

This year too we have looked to Scandinavia and have found wonderful feature dramas like **Oskar's America** (children's feature) and the award winning **Sami Blood** (our closing film). In addition Oskar's America's script writer Torfinn Iverson will deliver an industry masterclass with local writers and film makers.

The remote life theme is followed up with **Angry Inuk**, **24 Snow** and the powerful Canadian crime drama's **Riverhead** and Taylor Sheridan's **Wind River** (Un Certain Regard (directing) prize at Cannes).

Of our high impact global environmental documentaries, **Freightened**, **Inconvenient Sequel**, **Chasing Coral** and **White Waves** all provoke us to consider serious issues around environmental change, ocean warming and ocean pollution from plastics and chemicals. They all demand that we take action in our daily lives.

We hope you enjoy watching this unique selection of films and we would really like to hear your views on the films and content, please take a moment after the film to fill in our **HIFF questionnaires** and give your views.

As some of our venues are presenting the film festival for the first time this year, we'd really value your feedback and support for them locally.

Our thanks go to Creative Scotland, HIE and MG ALBA for funding the development of the Festival and the Industry Masterclass programme this year.

We look forward to seeing you at the festival.

FESTIVAL INFORMATION

This year the Hebrides International Film Festival is working in partnership with An Lanntair Arts Centre, The Harris Mountain Festival and a collection of rural Island venues across the Hebrides. The Film Festival screens a core Island and Environments programme over 4 days in An Lanntair, the rural venue promoters have selected from this programme but this year they also have some other films like **The Red Turtle** and **Kedi**. Many of our programme films including **Frightened** and **Chasing Coral** have environmental campaigns

associated with them, details of these can be found on the Festival website www.hebfilmmfestival.org

FILM CLASSIFICATIONS

Please check the film rating for the films you plan to attend and do not bring younger children to films rated as 15+.

HIFF organisers have signposted the films not rated by BBFC, with an age suitability rating based on content. This is intended as a guideline only.

BBFC CLASSIFICATIONS:

U – Universal

Suitable for all. A U film should be suitable for audiences aged four years and over, although it is impossible to predict what might upset any particular child. U films should be set within a positive framework and should offer reassuring counterbalances to any violence, threat or horror.

PG – Parental Guidance

General viewing, but some scenes may be unsuitable for young children. A PG film should not unsettle a child around eight or older. Unaccompanied children of any age may watch, but parents are advised to consider whether the content may upset younger, or more sensitive, children.

12A

Films classified 12A contain material that is not generally suitable for children aged under 12. No one younger than 12 may see a 12 A film in a cinema unless accompanied by an adult. Adults planning to take a child under 12 to view a 12A film should consider whether the film is suitable for that child. To help them decide, we recommend that they check the BBFCinsight for that film in advance see: <http://www.bbfc.co.uk>

15

Suitable only for 15 years and over, no one younger than 15 may see a 15 film in a cinema. No one younger than 15 may rent or buy a 15 rated video work. Films may contain strong language, violence or short scenes of a sexual nature.

INDUSTRY PROGRAMME

BRIDGING THE GAP INSPIRATION WORKSHOP – STORNOWAY

Budding documentary filmmakers, join us in Stornoway for a Bridging the Gap Inspiration Workshop!

Run by Scottish Documentary Institute, Bridging the Gap is one of the leading documentary new talent initiatives in the UK, offering intensive training and commission opportunities to emerging UK-based filmmakers. The programme helps filmmakers to develop their 10-minute documentary projects and allows them the chance to work closely with industry professionals.

This free workshop will explain the aims of the scheme and will provide tips on how to improve your chances of being selected. You will also get the opportunity to pitch your short documentary idea informally and receive feedback.

The theme of this year's Bridging the Gap is LOVE.

This is an opportunity to be bold, ambitious and provocative and to define and redefine love through ideas, characters and stories. The inspiration workshop is an opportunity to get the ball rolling and to start dreaming up your idea.

Booking is required, visit:
www.scottishdocinstitute.com/events/bridging-gap-inspiration-workshop-stornoway/

LOTTERY FUNDED

The Hebrides International Film Festival is a project by Rural Nations Scotland CIC.

SC No. 488577, VAT No. 963229204.

Registered office: 57 Westview Terrace, Stornoway, Isle of Lewis, Scotland, HS1 2LD.

The Isle of Harris Mountain Festival was created in 2011 to highlight the opportunities to enjoy outdoor pursuits on the Islands' incredible land and seascapes. By staging the Mountain Festival in September we hope to attract more visitors to the island and extend the season.

Every year the festival includes taster sessions in various sports. Encouraging people to have a go, safe in the knowledge that quality equipment and fully qualified instruction will be provided. So far we have had sports such as surfing, mountain biking and sea kayaking.

A programme of walks hosted by experienced guides is organised to accommodate and challenge all skill levels. For those aiming to build their confidence and abilities there are hill and mountain skill courses.
